12-13-392, street no-1, lane no-4, Tarnaka

---

Aspire to develop and deliver high-quality technology solutions that meet client needs, leveraging strong problem-solving skills. I am Passionate about applying my skills and knowledge to enhance customer experience and drive technological innovation.

## TECHNICAL SKILLS

---

- Python
- Azure Databricks
- R programming
- HTML
- DBMS
- SQL

## INTERPERSONAL SKILLS

---

- Communication Skills
- Team Work
- Leadership Skills
- Time Management

## EXPERIENCE

---

### INTERSHIPS

**Packaged app development associate at Accenture 2025(Feb-June) :**

**Project:** E-commerce sales pipeline

- Designed and implemented a complete data pipeline using Azure Databricks for processing large-scale e-commerce sales data.
- Processed and transformed data using Delta tables, SQL and spark Frameworks.
- Automated ETL workflow with Delta live Table and Created dashboards for insights.
- Handled both batch and streaming data using autoloader.

**Swecha Summer of AI 2024(May-June) :**

During my summer internship with Swecha, I contributed to the development of a Telugu LLM. My responsibilities included data collection through a dedicated app and leveraging this data to build the model.

## PROJECTS

---

- **Lumpy Skin Disease Detection**
  - It is a system which can perform early detection of Lumpy Skin Disease (LSD) in cattle using DenseNet121 Convolution Neural Network (CNN).
  - Tools & technologies used: Python, Jupyter Notebook, TensorFlow, Keras, OpenCV.

- Using real-life images of cattle, the model predicted LSD infection with an astonishing 92% accuracy.
- **Prescription Analysis using NLP**
  - It is a system which can accurately extract and interpret handwritten doctor prescriptions using OCR and Natural Language Processing (NLP).
  - Tools & technologies used: Python, TrOCR, BERT, OpenCV, TensorFlow/Keras.
  - Using prescription images, the system converts handwritten content into structured digital data, reducing errors and improving healthcare efficiency.

## EDUCATION

---

- **Bachelor of Technology, Computer Science Engineering (Data Science)** 2021 - 2025  
CGPA: 8.06  
Malla Reddy College of Engineering and Technology
- **Board of Intermediate Education-MPC** 2019 - 2021  
Percentage: 88.2%  
Narayana Junior College
- **Board of Secondary Education-SSC** 2018 - 2019  
GPA: 9.0  
Sandeepam Vidyalaya High School

## CERTIFICATIONS

---

- Cambridge English Empower Level B2
- CCNAv7: Introduction To Networks
- Gen AI for Delivery Practitioner-level 2
- Machine Learning: An Overview
- Python For Data Science, AI & Development

## ACHIEVEMENTS

---

- Best coordinator Award-MRCET (2021-2022)

## LANGUAGES

---

- English (Full Professional Proficiency)
- Telugu (Native or Bilingual Proficiency)
- Hindi (Full Professional Proficiency)
